nations

**100**  
ensembles

## Together!

Esch-sur-Alzette, European Capital of Culture 2022, is hosting a major event for music education in Europe, namely the 14th EMU Youth Music Festival "REMIX22", preceded by the General Assembly and Forum of the European Music School Union.

It is a great joy for our students, teachers, and schools to participate in these festivities after more than two years of pandemic, and to play music TOGETHER, celebrating our beautiful European youth.

It is also an opportunity for the leaders of national associations of music schools and their partners to imagine TOGETHER the future of an ever more creative, inclusive, and sustainable music education in Europe.

Finally, this event is an affirmation of the values that we carry TOGETHER

in the chaotic world that surrounds and threatens us, such as beauty, respect, harmony, and peace.

For all these reasons, on behalf of the European Music School Union, I would like to express my sincere thanks to the national and local authorities of the Grand Duché de Luxembourg and to our colleagues of the Association of Music Schools of Luxembourg, for their warm welcome and their exemplary dedication to the cause and values of music education.

And now, let's play MUSIC!

**Philippe Dalarun**  
EMU president

## Dear European friends,

On behalf of the Luxembourgish Association of Music Schools, it is my great honour and pleasure to welcome you to the 14th EMU European Youth Music School Festival "Remix22" here in Luxembourg. We are very proud that we, as a small country with an equally small music school association, can organise this festival. It gives us the unique opportunity to show you, our European guests and colleagues, the music education scene we cultivate and promote here in Luxembourg.

The conditions for organising this festival could not have been more challenging. The Covid-19 pandemic was followed by the Russian invasion of Ukraine. With the will to set a sign for freedom in Europe, we followed our goal, and are very happy and grateful that we can all be together today. This very event shows that music can bring us, Europeans, closer together.

A warm thank you to the event organisers and all those involved in making this festival possible. I would also like to thank our partners and sponsors that you all find mentioned in this newspaper. Finally, I thank all political representatives at national and local level for their support. I'd like to give special thanks to Bob Morhard, the general manager of the "Remix22" festival, for his tireless commitment and tremendous work organising the festival. All these collaborations make it possible to transform "Esch" into "Esch2022", the European Capital of Culture.

I'm very sure this festival will be a stimulating and exciting experience for all of us and I wish you very pleasant days in Luxembourg.

**Romain Asselborn**  
President of the Luxembourgish Association of Music Schools

## Welcome to Esch-sur-Alzette, European Capital of Culture 2022!

From 25 to 28 May 2022, the European Capital of Culture, its partner municipalities and a number of municipalities in the country will be focusing on music education with a festive and varied programme for pupils, teachers and leaders of music schools and conservatories from many European countries.

The programme will start with the 47th General Assembly of the European Music School Union (EMU) and the 14th European Music School Forum, focused on the theme of 'Music school teachers in the future - a profile under change'. I would like to extend a warm welcome to all EMU delegates in Esch-sur-Alzette, and especially to the EMU presidium, headed by President Philippe Dalarun (France) and Vice-President Romain Asselborn (Luxembourg). Mr Asselborn is also President of the Association des écoles de musique du Grand-Duché de Luxembourg, the Luxembourg member association of the EMU.

In 2022, the entry into force on 1 September 2022 of the new law on the organisation of music education in the municipal sector marks an important and innovative year for music education in Luxembourg.

Luxembourg will be the first country to introduce free public music education for all children and young people. From the start of the 2022-2023 school year, a large proportion of lessons will be free for pupils aged between 4 and 18. The new law is an important step in Luxembourg's education policy, which seeks to offer all children and young people the best opportunities for the future.

Free quality music education makes training accessible to all children and young people that contributes to their individual development and supports improvement in their skill levels. Investment in music education not only strengthens our cultural traditions and social cohesion, but also passes on important future skills to future generations.

Free tuition is available for group and individual lessons in music, speech arts and dance, starting with the three-year early musical, instrumental and dance training, followed by general ear training, instrumental training, vocal training, dance training as well as theatre and speech arts training up to the first cycle diploma (a total of seven years of study).

About two thirds of the lessons currently offered in Luxembourg will be provided free of charge and about two thirds of all students enrolled in local music schools, regional music schools and conservatories will benefit from free tuition.

A highlight of the 14th European Youth Music Festival will undoubtedly be the opening concert of the festival, featuring the Orchestre de Chambre du Luxembourg and a large number of students from Luxembourg's music schools, who will perform alongside the orchestra's musicians. The many student ensembles from various music schools from all over Europe will also offer concerts throughout the country.

I would like to thank the organisers of this important European meeting in Luxembourg and I would like to wish all of you, students, teachers, music school leaders and EMU delegates, an emotion-filled stay, full of beautiful musical moments and unforgettable memories.

**Claude Meisch**  
Minister of Education, Children and Youth

**Harlequin Floors**  
is a proud partner of the  
European Youth Music Festival

Harlequin is the world's leading manufacturer, supplier and installer of sprung and vinyl floors for the performing arts and stage building and refurbishment for theatres and venues.

With over 40 years experience working with the world's most renowned opera houses, venues, theatres, schools and universities, Harlequin recognises that each stage is different and requires a bespoke solution tailored to the exact requirements of the venue.
